```php
        Fortify::loginView(function () {
            return view('auth.login');
        });

        Fortify::registerView(function () {
            return view('auth.register');
        });

        Fortify::requestPasswordResetLinkView(function () {
            return view('auth.password.forgot');
        });

        Fortify::resetPasswordView(function () {
            return view('auth.password.reset');
        });
    }
```
